

including the 2020 Presidential Race and the 2021 Georgia Senate Runoff. In fact, this lawsuit will most certainly not inure to the benefit of any American politician, regardless of party affiliation.²

2. Instead, this lawsuit demonstrates how various and pervasive changes in election procedures implemented in all 50 states in response to the COVID-19 pandemic violated the 2002 Help America Vote Act, 42 U.S.C §§ 15301 *et seq.*, as amended (“HAVA”). Because Congress has the express constitutional authority to enact laws,³ such as HAVA, to mandate minimum standards for federal election integrity; because the 50 states were required to follow the minimum election standards set forth in HAVA in the 2020 federal elections; and because all 50 states failed to do so; this failure deprived every single U.S. Citizen, including Plaintiffs, of their sacrosanct Constitutional right to participate in the democratic election of their congressional representatives to the federal government in the 2020 election (the “Federal Election”), including both the U.S. Senate and House of Representatives, by stripping such Plaintiffs and other citizens of their fundamental right to cast a legal vote in the Federal Election without due process of law and while acting under color of law.⁴

3. The evidence will show that this egregious deprivation of the most basic right guaranteed to every American since the founding of the Republic—the right to

² Except to the extent that it may benefit such persons in their role as an ordinary citizen of these United States.

³ See Article I, Section 4

⁴ See, e.g., *United States v. State of Tex.*, 252 F. Supp. 234, 250–51 (W.D. Tex.), *aff'd sub nom. Texas v. United States*, 384 U.S. 155, 86 S. Ct. 1383, 16 L. Ed. 2d 434 (1966).

cast a legal vote in a federal election, which amounts to the right to a government by consent of the governed was not, in the case of many Defendants, the result of mere negligence or ignorance. The evidence that will come forth in the course of this lawsuit will establish an intentional concert of conduct between federal, state, and local government officials and various partisan enterprises that should be considered a boot to the throat of every American who believes that the Constitution of the United States guarantees every citizen the right to a government elected by the People.

4. The truth of the allegations set forth herein compels the shocking conclusion that every member of currently-seated 117th U.S. Congress and the President-Elect, who is scheduled to be sworn in this coming Wednesday, January 20th, were not legitimately elected because the People of the United States were given ballots that were patently illegal under federal law, namely HAVA. Therefore, the entire 117th Congress is illegitimate and all actions taken since January 3, 2021, including the counting of the Electoral College votes and confirmation of Joseph Biden as President-Elect and the impeachment of President Donald J. Trump are null and void.

5. Never before in the history of the United States of America (the “Republic”) has the entire federal election been conducted in clear and unequivocal violation of duly-enacted federal election law. With the sitting President’s term set to expire this Wednesday, January 20th, this situation is a Constitutional Crisis of cataclysmic proportion unlike any seen since the Southern States seceded from the

Republic in 1861. The only conceivable remedy is for this Honorable Court to enter an injunction to restrain all further action and to enjoin the enforcement and effect of all previous actions of the 117th Congress until trial upon the merits, and, upon a verdict for the Plaintiffs, for the Court to order the 50 states to conduct a new federal election that conforms to the minimum standards of HAVA.

6. The 20th Amendment mandates that President Trump's term must end at noon on January 20th, but since Congress's act on January 6, 2021 in confirming Joseph Biden as President-Elect was clearly illegitimate, and there is effectively no lawfully existing Legislative Branch this means that the Presidential Inauguration cannot lawfully go forward on Wednesday. Thankfully, there is still time for the only the only lawfully and constitutionally remaining federal public official, President Donald Trump to take all reasonable and necessary action consistent with the Take Care Clause of Article II, Section 1 and all the original intents and purposes of the Constitution of the United States to preserve the lawful and orderly continuity of government.

7. Accordingly, this Court should rest assured that the relief requested in this lawsuit will not result in the destruction of democracy, as the dishonest national news media, who has been complicit in this crisis and as will be shown in the course of this lawsuit, will attempt to claim. No, it is actually the exact opposite. The purpose of this lawsuit is merely to enforce the laws and Constitution of the Republic to SAVE AND RESTORE the democratic republican process on which the People have depended to protect their individual rights since the dawn of our Republic.

8. The intentional failure of such enforcement, perpetrated by a host of federal and state government officials acting in concert with private individuals, deprived the Plaintiffs of their sacred constitutional rights. Plaintiffs are clearly not the first group of Black and Latino voters deprived of their right to legally cast a vote, but they are the first such group to stand in the gap for all citizens and residents of the Republic, regardless of race, color, religion, creed, sex, or national origin (collectively, including Plaintiffs, the “People”). If the Court does not grant the relief requested in this Complaint and the forthcoming Emergency Motion for Temporary Restraining Order, Plaintiffs and all the People they now represent will suffer the gravest and most extreme form of imminent and irreparable harm imaginable: the permanent and irreversible right to a government by consent of the governed.

II. SUMMARY OF CASE

9. The sheer volume of evidence in this action revealing Defendants’ shocking acts and omissions that deprived Plaintiffs of their constitutional and statutory rights to participate in the democratic election of their representatives to Congress could give anyone the impression that this lawsuit presents convoluted or complex legal theories. To the contrary, Plaintiffs’ right to relief in this matter is so simple that a 3rd grader could be taught to understand it. Here is the unassailable syllogism that compels Plaintiffs’ relief:

- 1) Article 1, Section 4 of the Constitution specifies that, although the state legislatures shall prescribe the regulations for the election of Senators and Representatives, the Congress may make or alter such regulations, except as to the selection of Senators;

- 2) Congress exercised this authority by enacting the minimum standards for election integrity in HAVA to restore public confidence in US elections in response to the *Bush v. Gore* debacle;
- 3) States were therefore required to follow the minimum standards for the election of Representatives;
- 4) As to Senators, all 50 states made an enforceable contract with Congress by accepting federal monies in exchange for the state's agreement to implement the minimum standards of HAVA;
- 5) All 50 states made changes to their election procedures regarding voter registration and ballot applications, particularly mail-in and absentee ballot applications that violate the minimum standards of HAVA prior to the 2020 congressional elections in response to the COVID-19 pandemic;
- 6) Therefore, the ballots provided to all persons who voted in the 2020 congressional elections were themselves illegal;
- 7) It is self-evident that a legal vote cannot be cast by virtue of an illegal ballot;
- 8) Therefore, not a single member of the 117th United States Congress was legally elected, which renders Congress illegitimate.

V. STATEMENT OF FACTS

A. The Failure to comply with HAVA

29. HAVA is a statutory scheme enacted by the 107th congress to address allegations of “fraud in the 2000” election that effectively changed major elements of the administrative process for federal elections by invoking Congress’s constitutional authority to set rules for congressional elections.

⁶ *Tongol v. Usery*, 601 F.2d 1091 (9th Cir. 1979).

30. HAVA set forth specific “minimum requirements” with which the Defendants, as members of state or federal government, or governmental employees, or elected officials acting under color of law, failed to comply in the conduct of the 2020 Federal Election.

31. The minimum requirements in HAVA stipulated specific duties regarding “mail in ballots,” “registration of voters by mail,” and highly detailed voter identification processes, and other requirements with which Defendants, as members of state or federal government, or governmental employees, or elected officials acting under color of law purposefully or negligently failed to comply.

32. Defendants are members of state or federal government, or are governmental employees, or elected officials acting alongside one another and/or in concert under color of law, who unlawfully used federal monies tied to HAVA in a manner which failed to meet lawful requirements defined as “minimum requirements” in HAVA and instead used federal monies for the purpose of causing all 53 federal voting regions to fail to comply with federal election law.

33. Defendants, as members of state or federal government, or governmental employees, or elected officials acting alongside one another and/or in concert under color of law, engaged in “last minute” conduct, which violated federal law regarding “certification” of voting machines.

34. Defendants as members of state or federal government, or governmental employees, or elected officials acting alongside one another and/or in concert under color of law, engaged in acts of ‘selective enforcement’ to fraudulently certify federal

elections as valid, when in fact they were unlawful and failed to meet criteria set forth in federal law.

35. Defendants as members of state or federal government, or governmental employees, or elected officials acting alongside one another and/or in concert under color of law, had specific knowledge of administrative requirements due to HAVA, and negligently failed to implement these requirements using unlawful 'states rights' claims.

36. Defendants as members of state or federal government, or governmental employees, or elected officials acting alongside one another and/or in concert under color of law, by oath have specific duties which they failed to conduct in support of acts of conspiracy to unlawfully influence a federal election.

37. Defendants as members of government, or governmental employees, or elected officials acting alongside one another and/or in concert under color of law, after Plaintiffs and other third parties raised concern regarding the possibility of an unlawful election engaged in acts to destroy evidence, inhibit discovery, and engaged in fraudulent statements to defend a conspiracy to engage in the conduct described herein.

38. Defendants who are members of U.S. Congress knowingly passed the CARES Act to provide federal money used to modify state procedures for federal elections in violation of HAVA and then negligently failed to amend HAVA to accommodate these changes to state procedures for federal elections.

39. The foregoing actions of Defendants, many, if not all, acting alongside one another and/or in concert, resulted in the failure of every ballot used to conduct the 2020 federal elections, including the Senate, House of Representatives, and the Presidential elections.

B. Specific Failures in Each State to Comply with HAVA

Due to the acts of the Defendants all fifty states failed to comply with HAVA as follows:

40. Alabama.

Alabama modified its absentee/mail-in voting and candidate filing procedures for the November 3, 2020, general election as follows:

Absentee/mail-in voting: Any qualified voter could cast an absentee ballot in the general election.

41. Alaska

General election changes: Alaska modified its absentee/mail-in voting procedures for the November 3, 2020, general election as follows:

Absentee/mail-in voting: The witness requirement was suspended.

Alaska election changes

October 12, 2020: State supreme court suspends absentee/mail-in ballot witness requirement

On October 12, 2020, the Alaska Supreme Court affirmed a lower court's order suspending the state's witness requirement for absentee/mail-in ballots. On October 5, 2020, Superior Court Judge Dani Crosby ruled "application of the Witness Requirement during the pandemic impermissibly burdens the right to vote." The plaintiffs to the original lawsuit—including the Arctic Village Council and the League of Women Voters of Alaska—argued that they and other voters "should not be forced to choose between risking exposure to COVID-19 through complying with

the Witness Requirement or forgoing their right to vote." The defendants said the plaintiffs "waited too long to seek relief from the court and that the doctrine of laches requires the court to dismiss their complaint." Under the laches doctrine, a party is not entitled to pursue a claim if the plaintiff has "unreasonably delayed in bringing the action." The state supreme court did not explain its reasoning in its October 12, 2020, order, saying that a full opinion on the matter would be forthcoming.

Arizona modified its voter registration procedures for the November 3, 2020, general election as follows:

In all aspects Arizona failed to meet the identification requirements with mail in ballots, and mail in registration, as well as failed to obtain and then maintain identification documents with the mail in ballot for first time voters in a federal election.

Arizona election changes

October 6, 2020: Ninth Circuit reverses lower court's extension of period during which voters can add missing signatures to vote-by-mail ballots

On October 6, 2020, a three-judge panel of the U.S. Court of Appeals for the Ninth Circuit reversed a lower court's order that would have allowed voters up to five days

to provide missing signatures for absentee/mail-in ballots. The plaintiffs had argued that Arizona's Election Day deadline for curing unsigned absentee/mail-in ballot envelopes violated the Fourteenth Amendment by "unjustifiably burdening the right to vote" and "denying procedural due process."

Minnesota election changes

October 29, 2020: Federal appeals court suggests absentee/mail-in ballot return deadline unconstitutional

On October 29, 2020, a three-judge panel of the U.S. Court of Appeals for the Eighth Circuit ruled 2-1 that the extension of Minnesota's absentee/mail-in ballot return deadline was likely unconstitutional "because the Secretary [of State] extended the deadline for receipt of ballots without legislative authorization." The court stopped short of invalidating the extension, however, instead directing officials to keep ballots received after November 3, 2020, separate from the others "in the event a final order is entered by a court of competent jurisdiction determining such votes to be invalid or unlawfully counted." Judges [Bobby Shepherd](#) and [Steven Grasz](#) formed the majority. Judge [Jane Kelly](#) dissented.^[141]

On October 30, 2020, Secretary of State [Steve Simon](#) (D) said he would not appeal the decision immediately: "While Minnesota will comply with the Eight Circuit's ruling to segregate the ballots received after November 3, 2020, we need to emphasize that there is no court ruling yet saying those ballots are invalid. We absolutely reserve the right to make every argument after Election Day that protects voters."

C. Members of Congress

92. Defendants who were members of the 116th congress engaged in acts of propaganda and fraud in order to engage in acts of conspiracy to conduct an unlawful federal election and did the same acting alongside and/or in concert with state or local officials under color of law.

93. Defendants who were members of the 116th Congress failed in their oath duties to ensure other Defendants in this matter did not conduct an unlawful federal election that resulted in null and void federal election results for the 117th Congress.

94. Defendants who were members of the 116th Congress engaged directly with partisan enterprises, which employed other parties named as Defendants in this matter to conduct acts of mail fraud, wire fraud, and travel in the conduct of

racketeering activities. An example includes, directions given to Plaintiff J.B. by MJ Hagar to use the fraudulent talking points provided by the partisan enterprises to raise capital.

95. Defendants who were operating under the direct supervision of members of the 116th Congress engaged in wire and mail fraud in the collection of campaign donations and other monies used to support acts of conspiracy, while engaging in travel across state lines in manners and conduct which involved interstate commerce. MJ Hager traveled across state lines for in furtherance of the act of conspiracy.

96. Defendants who owned, operated, managed, or had considerable interest over national communication networks including social media, cable media, and broadcast media engaged in acts of propaganda making false statements and inhibited free speech in opposition to the conduct of the Conspiracy as directed by members of the 116th Congress, or distributed in opposition instructions set via mail and the wires to 'operatives' which emanated from Defendants employed in partisan enterprises acting under the control of senior members of the 116th Congress which are also named as defendants. By example Defendant Zuckerberg used his considerable power, control and authority over an enterprise known as Facebook to propagate, promote and expand the partisan enterprises talking points and personal defamatory attacks which were used in order to destabilize the government of the United States, to engage in acts of propaganda, to deny constitutionally protected free speech and to unlawfully obtain monies by acts of fraud.

97. Defendants who unlawfully claimed offices in the 117th Congress engaged in acts specifically targeted to 'protect' the legitimacy of their frauds and denied parties of rights defined by federal law. By example, Defendant Pelosi swore an oath to assume an office of the 117th Congress when she personally had knowledge of her home State's failure to comply with HAVA. Defendant Pelosi's knowledge of such is based upon the fact she voted yes on HAVA as a member of the 107th Congress. After unlawfully obtaining an 'office of power' Defendant Pelosi led conspirators in acts to attack citizens of the United States in order to deny said persons of their lawfully protected rights including denying a legitimate electoral process for the office of President of the United States, which led to Plaintiff J. James attendance to a rally in Washington D.C. Plaintiff J. James in the lawful execution of his constitutionally protected right of free speech, and pursuit of happiness has been targeted fraudulently by partisan enterprises engaged in acts of conspiracy. For the attendance of a lawfully registered political rally Plaintiff J. James as well as other Attendees have been demonized for 'assaulting the capital building', accused of sedition, and selected by Federal Agencies for prosecution. Plaintiff J. James did not act in any dishonorable manner, nor conducted an act to injure others. Factually, Plaintiff J. James saved the life of a capitol hill police officer, at the request of the officer and for that act has been stalked by the Federal Bureau of Investigation and targeted to be made 'an example of'.

98. Defendants who obtained and claimed offices in the 117th Congress engaged in acts of fraud and color of law to falsely claim 'authorities of office' in acts

of conspiracy to falsely claim victory in federal elections which failed to comply with Federal law, and in violation of the US Constitution.

99. Due to the acts of the Defendants all fifty states failed to comply with HAVA as follow

100. The acts of the defendants named as conspirators directly violated the civil rights of the complainants. By example, the State of Georgia under the direct control of the Secretary of State and Governor, both named as defendants herein, when the conspirators agreed in violation of law and by acts of color of law caused all of the Georgia electronic voting machines to be “cleared” prior to the runoff election in January 2021. These acts directly violated the Civil Rights Act of 1960 sect 1974. Which clearly states “every officer of election shall retain and preserve, for a period of 22 months from the date of any general, special or primary election of which candidates for the office of President, Vice President, Presidential elector, member of the Senate, Member of the House of Representatives, or... are voted for all records and papers...”. Clearly the intent of Congress in this federal law stipulated “ALL RECORDS” and made the destruction of any records relating to an election a civil rights violation this includes any phantom, or RAM or any internal machine memory which would also be considered a “record”. It is clear the State of Georgia under the control of the defendants who acted in a conspiracy with partisan enterprises wiped the records from all Georgia voting machines conducted in the November Federal ballot election merely 7.5 weeks after the election. This is a common “anomaly” conducted by the conspirators who control the electronic voting systems in all 53

voting regions. The most common statement for requirement to “clear” is due to maintenance or storage of systems requirements, acts that violate the Civil Rights Act of 1960 and HAVA.

101. Latinos, Blacks, American Indians, and candidate for elected office were affected by Defendants conduct prior to the unlawful federal election, and thereafter.

102. As further factual allegations and evidence in support thereof, Plaintiffs incorporate by reference as though fully set forth herein, the following exhibits:

- b. Exhibit 3: Expert Report of John S. Vanderbol, III, “Global Risk Analysis: Special Report;”

103. Plaintiffs hereby incorporate all allegations in the foregoing paragraphs as though fully set forth herein.

104. Defendants subjected Plaintiffs to conduct that occurred under color of law state law to deprive Plaintiffs of their fundamental civil right to cast a legal vote in the Federal Election without due process of law by the conduct describe above which caused severe harm to Plaintiffs.

B. COUNT TWO - 42 U.S.C. § 1985 Conspiracy to interfere with civil rights

105. Plaintiffs hereby incorporate all allegations in the foregoing paragraphs as though fully set forth herein.

106. C. COUNT THREE 42 U.S.C. § 1986. Action for neglect to prevent

107. Plaintiffs hereby incorporate all allegations in the foregoing paragraphs as though fully set forth herein.

108. VII.

**APPLICATION FOR INJUNCTIVE RELIEF, INCLUDING AN EX PARTE
TEMPORARY RESTRAINING ORDER, PRELIMINARY INJUNCTION, AND
PERMANENT INJUNCTION**

A. Plaintiffs' Desperate Plea Calling on the Courage of This Court.

109. Plaintiffs hereby incorporates the allegations in the foregoing paragraphs as though fully set forth herein.

110. Plaintiffs' Emergency Motion for Temporary Restraining Order (the "Motion") shall be filed separately with supporting evidence attached pursuant to the

Local Rules of this Court. Plaintiff's Motion is the last plea in desperation, made on behalf of all the People of the Republic. Plaintiffs' urgent plea before this Honorable Court is to now join with them, in this current Constitutional Crisis, when all other safeguards set forth in the Constitution of the United States for checks and balances on unlimited, tyrannical government power have been breached, to muster the same courage displayed by the Founding Fathers⁷ of our Republic, who so willingly and boldly sacrificed their blood, their tears, their fortunes, whether meager or vast, and even their very lives, to win their freedom from a tyrannical monarchy across the ocean.

B. The "Political Question Doctrine" Does Not Apply

111. This Complaint assumes that the courage of the Court does in fact match that of Plaintiffs' and their undersigned counsels' act in filing this Complaint. By filing this lawsuit exposing the shocking illegal acts of the Defendants in furtherance of their conspiracy to crush the freedom and individual rights of the People by replacing our republican form of government with an illegitimately-elected Congress and President-Elect, Plaintiffs and Counsel have essentially signed their own death warrants, or at least the chance at any meaningful career, at the hands of powerful figures who acted, funded, directed, and/or otherwise conspired in furtherance of the evil scheme to strip all power of self-government from the People.

⁷ Those brave patriots who laid down their lives for freedom from tyranny in the Revolutionary War and/or those who signed the Declaration of Independence and/or those who framed the Constitution of the United States.

112. One excuse that may be urged on the Court to sidestep this Complaint is the “Political Question Doctrine.” As the Court is aware, the Supreme Court has long held that Congress is the sole arbiter of whether the guarantee of a republican form of government in Article IV, Section 4 (the “Guarantee Clause”) has been violated on the basis that this issue is a “political question” that can only be decided by Congress. Any notion that granting the Motion or any relief requested in this lawsuit would violate the Political Question Doctrine should be categorically dismissed. Denying Plaintiff’s relief on the grounds that this is a political question for Congress would be tantamount to entrusting a bank robber with deciding his own verdict. Whereas Congress took their oaths of office to “support and defend the Constitution” on January 3, 2021 after being illegally elected in gross violation of their own duly-enacted election statute, no conflict of interest could be more obvious.

C. There Are No Issues of Standing, Laches, or Ripeness.

113. Many federal courts, including the Supreme Court, have avoided reviewing evidence related to any of the 2020 post-election lawsuits by summarily dismissing such lawsuits on grounds of standing, laches, or, in the case of the 2021 Georgian Senate Runoff, ripeness of claim. To undersigned counsels’ knowledge, not a single federal court has held an evidentiary hearing regarding these lawsuits

114. Here, however, Plaintiffs clearly have civil rights injuries under the various statutes pleaded in this suit since there is no more fundamental injury to the rights of a U.S. Citizen than acting under color of law to deprive Plaintiffs of their right to cast a legal ballot in the election of their representatives to the federal

government without due process of law. Plaintiffs have standing to sue federal officials where they act alongside state or local officials,⁸ as is clearly the case where state and local officials made unlawful changes to election procedures in violation of HAVA.

115. There is no issue of laches because none of the Plaintiffs were aware of the extent to which the states had violated HAVA in the 2020 congressional elections until they hired undersigned counsel to look into the various election laws. Even if they had been aware, it is axiomatic that a criminal or tortious act is rarely foreseeable, and it was certainly not foreseeable to Plaintiffs that the 117th Congress would take their oaths and be seated in gross violation of federal election law. Moreover, a Court may have denied Plaintiffs' claims on the grounds that Plaintiffs' injury was not yet ripe because the result of the election had not yet occurred. Now, however, there is no doubt Plaintiffs' causes of action are ripe since the harm to Plaintiffs' came to fruition on January 3, 2021, when the 117th Congress was seated in violation of HAVA.

D. Grounds for Ex Parte Temporary Restraining Order and Preliminary Injunction.

116. Plaintiffs are entitled to an Ex Parte Temporary Restraining Order against Defendants on the following grounds:

117. **Plaintiffs will certainly suffer immediate and irreparable harm** if the Court does not immediately enter the temporary injunctive relief requested

⁸ *E.g., Tongol v. Usery*, 601 F.2d 1091 (9th Cir. 1979).

herein (the “TRO”).⁹ If the Defendants and the illegitimate Congress their actions installed are able to continue govern the Republic, it will cease to be a republic. It may become a true RINO “*republic* in name only” in the sense that the “People’s Republic of China” contains the word “Republic,” although it is common public knowledge that the China does not in any way belong to its people. It belongs to a tyrannical, authoritarian, communist police state that engages in atrocities against humanity, including the active persecution of proponents of free speech, democracy, Christians, and anyone else who poses a view that does not demonstrate absolute and unquestioning loyalty to the state and whatever ideologies it chooses to cram down the throats of its citizens. The risk of the United State government descending into such an oppressive police state is tangible and imminent if the government ceases to be accountable to the People, as occurred in the illegal 2020 Federal Election. This risk is evidence from even a cursory review of the history of government power grabs.

118. Furthermore, as set forth in the expert report of Steve Vanderbol entitled “Global Risk Analysis: Special Report,”¹⁰ the involvement of Mr. Vanderbol has 27 years of experience operating multi-national, multi-spectrum corporations with assets exceeding many billions of dollars, and is, accordingly, an expert on how geopolitical events affect the financial markets.¹¹ In Mr. Vanderbol’s expert opinion, based on an extensive amount of research as demonstrated in his report, the

Constitutional Crisis created by the acts and omissions of Defendants set forth herein compel the conclusion that, if the Court does not grant the TRO to prevent the illegitimate Congress and President-Elect from taking control of the U.S. Government, the economy of the United States will become unstable and cease to be a “safe haven” for financial investors. If investors come to view their investments in assets held in the United States as inherently unstable due to the Constitutional Crisis, it is clear that would have a devastating effect on the Plaintiffs’ ability to plan for retirement by investing in 401(k)s, IRAs, or other such accounts.

119. **Thus, there is no adequate remedy at law**¹² because it would be impossible to calculate an appropriate amount of monetary damages that would compensate Plaintiffs for such harm. Indeed, no one could even guarantee that Defendants would have sufficient financial assets available for legal damages if the U.S. financial market begin to experience prolonged instability or even total collapse, especially given that the U.S. Government is close to \$30 trillion in debt and the Federal Reserve Notes known as “Dollars” ceased to be back by gold over 100 years ago. It is also obvious that the risk of permanent deprivation of the right to vote in federal elections, which could be lost forever if the Defendants are not restrained from further action and the Acts of Congress, taken after January 3, 2021 are not restrained from having legal effect.

120. **There is a substantial likelihood that Plaintiffs will prevail on the merits of their claims.**¹³ As described in the introductory section of this Complaint, though this is a complex suit with regard to the factual allegations regarding a widespread conspiracy to deprive the Plaintiffs of their rights, Plaintiffs' right to relief is clear from the simple application of law to the following facts:

- (1) Plaintiffs cast ballots in the 2020 Federal Election;
- (2) The State of Texas and the other 50 states changed their 2020 Federal Election procedures in violation of the minimum standards of HAVA;
- (3) The 117th U.S. Congress was seated and took their oaths of office to defend and protect the Constitution by virtue of an election that took place in violation of HAVA;
- (4) Plaintiffs suffered injuries with no adequate remedy at law through deprivation of their substantive due process right to vote in the Federal Election and have and/or will suffer irreparable financial injury and further irreparable injury from loss of the republican form of government guaranteed in the Constitution;

121. **The threatened harm to Plaintiffs outweighs the harm that a temporary restraining order would inflict on Defendants.**¹⁴ It is self-evident that the loss of the right to government by consent of the governed is far worse than any harm Defendants may suffer if the Court grants the TRO;

122. **Issuance of a temporary restraining order would not adversely affect the public interest and public policy.**¹⁵ It is self-evident that preventing the loss of the right to government by consent of the governed is in the public interest.

123. **The Court should enter this temporary restraining order without notice to defendant** because Plaintiffs will likely suffer immediate and irreparable injury, loss, or damage if the order is not granted before Defendants can be heard because (1) the vast list of Defendants in disparate geographical locations makes service of process on short notice impracticable; (2) given that the allegations and evidence revealed in this Complaint could result in federal criminal prosecutions for various and severe high crimes and misdemeanors, including but not limited to sedition, treason, racketeering, malfeasance by public officials, wire fraud, mail fraud, etc., there is a high risk that Defendants will destroy evidence prior to being given notice of the TRO.

124. Plaintiff is willing to post a bond in the amount the Court deems appropriate.

125. To avoid such imminent and irreparable harm to the Plaintiffs and, by extension, to the People, hereby request the Court enter a Temporary Restraining Order with the following injunctive relief:

- (1) Enjoin each illegitimate member of the 117th US Congress, named as a Defendant herein from taking any further legislative action;
- (2) Enjoin the legal enforcement of any action taken by the illegitimate members of 117th US Congress since January 3, 2021, including but not limited to:
 - a) its illegitimate actions taken under Title 3 of the United States Code in counting the Electoral College votes and confirming Joe Biden as President-Elect;
 - b) its actions taken to impeach and convict the 45th President Donald John Trump;

- (3) Enjoin the Department of Justice, the Federal Bureau of Investigation, and any other federal agency from arresting and/or holding in custody Plaintiff's undersigned lead counsel, Paul M. Davis and co-counsel, Kellye SoRelle, and any plaintiff or potential witness in relation to their exercise of their own exercise of civil rights by their attendance at the January 6, 2021 protest in Washington, D.C. absent a showing for good cause by clear and convincing evidence that said counsel committed some overt and intentional act of violence that directly resulting in substantial injury to the person of another, as such actions would amount to nothing more than an effort to intimidate and silence Plaintiffs and deprive them of the exercise of civil rights to bring this action under 42 U.S.C. §§ 1983, 1985, 1986 and their rights under the Constitution and which would amount to further civil rights violations by public officials acting under color of the law; and
- (4) Order the only lawfully and constitutionally remaining federal public official, The Honorable Donald John Trump, 45th President of the United States of America to take all reasonable and necessary action consistent with the Take Care Clause of Article II, Section 1 and all the original intents and purposes of the Constitution of the United States to preserve the lawful and orderly continuity of government.

**VIII.
ATTORNEY FEES & COSTS**

126. Plaintiff are entitled to an award of attorney fees and costs under 42 U.S.C. § 1988(b) and hereby plead for the same.

**IX.
PRAYER FOR RELIEF**

WHEREFORE, Plaintiffs, upon trial of this matter, plead for judgment against Defendants for the following:

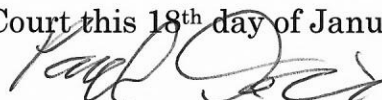

- a. Permanent injunctive relief forever restraining Defendants from participating in any action relating to the process of electing public officials, holding public office or any official government position, or position in any partisan enterprise related to American politics, and from defaming or threatening or otherwise interfering with the life, liberty, or property of Plaintiffs;
- b. Punitive Damages in an amount to be determined at the time of trial;
- c. Actual Damages in an amount to be determined at the time of trial;

d. Reasonable attorneys fees' and Costs of Suit;

e. Prejudgment and postjudgment interest.

And all other relief the Court may deem necessary or proper to which the Plaintiffs and the People of the United States of America may be justly entitled.

Respectfully submitted to the Honorable Court this 18th day of January, 2021.
